

## Sorting out number cards

John is sorting out number cards from 1 to 30.

1. To which table do the cards in the blue circle belong?
2. To which table do the cards in the black circle belong?
3. To which table do the cards that are in the blue circle **and** also the black circle belong?
4. John has not sorted these cards yet:

- a) Which cards should he put in the blue circle?
- b) Which cards should he put in the black circle?
- c) Which number cards belong to **both** circles?
